You can attempt the online mock/ final exam from your laptop/ desktop or mobile phone having Google Chrome browser, minimum 2mbps internet speed and having a microphone and camera. This software will NOT work on iOS or Apple operating system devices. Detailed instructions have been provided for your information which you must read and comply.

The online exam will be of 2hr/120min duration, contain 50 Multiple Choice Questions and divided into two parts A and B. Part A will have 20 MCQs of 02 marks each and part B will have 30 MCQs of 01 mark each (no negative marking). Hence each subject Question Paper will be of 70 marks while 30 marks will comprise mid-term marks.

You will login to the exam through <http://cocubes.in/NCHM-TEE> which will lead to a home page where you will be asked to fill all your details. Password and passkey for the exam will be sent to you on your registered phone number and email a day before the exam. Mock test has been organized to familiarize you with the test procedure, your device and software compatibility. The mock test is compulsory and will be monitored at back end (NCHM&CT) through your device camera. Take the mock test and final test on the same device so that you are familiar with the connectivity, tools and keys.

Read and follow attached instructions carefully which are for strict compliance.

Best wishes,
